On March 23rd, we held an action packed Abra Users Group for our clients. 30 attendees representing 17 companies from all over the TriState area came to get the latest news from Sage Abra and share networking experiences with each other. It was a bunch of fun!

Our guest speaker was Rose Russell from The Pinnacle Group. Rose brought many years of HR consulting experience to our forum and shared information on how to get the most employee involvement and productivity from participating in an employee survey. If you would like to know more about how to administer a successful survey and boost productivity within your organization, please contact Rose at [rrussell@pinnaclegroupbrs.com](mailto:rrussell@pinnaclegroupbrs.com).

Ted Morse brought us up to date on eRecruiter, the newest module of Sage Abra HRMS. We are advising our clients to take advantage of PreRelease pricing to move onto eRecruiter right now. There will never be a better price to give your organization opportunities to:

- *Find and attract the best talent to stay competitive*
- *Post requisitions to career page/job boards online and receive applications automatically*
- *Fill positions faster and at a lower cost to your organization*
- *Save time by maintaining a searchable candidate database*
- *Record, store and share information electronically with your management team*

You can contact Ted at [tmorse@hrmgsolutions.com](mailto:tmorse@hrmgsolutions.com) for information customized to your request.

**Matt Riley**, with his background from ADP, helped our Abra users understand the fiscally responsible options open to all Abra clients using either inhouse Abra Payroll, outsourced Sage Payroll Service or the option to outsource just Tax Filing. Something for everyone.

HRMG is currently offering **free payroll analysis** to compare the cost of your current outsourced solutions with Sage Payroll Service. Our experiences so far have shown SPS runs anywhere from \$10,000 to several more tens of thousands of dollars less expensive than other services! ***Something most CFO's cannot afford to ignore.*** If you are interested in saving your organization significant money, please contact Ted Morse at [tmorse@hrmgsolutions.com](mailto:tmorse@hrmgsolutions.com).

**Harold Ford and Beth Carroll**, from our Professional Services team, provided attendees with valuable Crystal Reports to take home and highlighted tech tips and upcoming compliance changes within Abra HR. It's definitely worth the trip to attend for their Abra "take aways" !

**Rewards, Rewards, Rewards!** We awarded a **\$100 Wachovia bank gift card** to Cheryl Pratt from American Meter Company for referring HRMG Solutions to a company, who met with us to discuss an HR software solution. If you meet other organizations at SHRM or other business events and introduce HRMG Solutions to them to discuss their HR needs, we will reward you when we meet with them. **Thanks for thinking of us, Cheryl!**

***HRMG Solutions Abra Clients! You are our best advertisements! Talk Up Abra and HRMG! Then contact Paula at [pnolte@hrmgsolutions.com](mailto:pnolte@hrmgsolutions.com) to forward your referral's contact information. We would love to reward you with a gift card!***

**Our Next Abra Users Group Meeting - will be held on Thursday, July 20th, 2006. Watch for email invitations in early summer. See you there!**
